How to Open a Distillery
Licensing

In order to legally distill spirits in the Commonwealth of Virginia, prospective distillers must obtain a Beverage Distilled Spirits Plant permit from the Alcohol and Tobacco and Trade Bureau (TTB) and a Distillery License from the Department of Alcoholic Beverage Control. The production of spirits cannot begin until both documents have been issued.

A Virginia ABC Distillery License allows for the manufacture of distilled spirits and the sale of the manufactured spirits to Virginia ABC, the government or any entity outside the Commonwealth of Virginia legally authorized to receive the product.

Virginia ABC is the wholesale distributor and sole retailer for all distilled spirits sold in Virginia.

A Distillery Licensee may be appointed as an independently operated agent of Virginia ABC for the purpose of selling distilled spirits manufactured by or for, or blended by such licensee on the licensed premises at ABC Stores established on the distiller’s premises. To be appointed as such an agent of the Board for the purpose of selling distilled spirits on the distiller’s premises the distillery licensee must first enter into a written agreement with the Board.

TYPES OF LICENSES

1. Distillery License: 5,000 gallons or less of alcohol or spirits or both, manufactured during a licensed year.
2. Distillery License: More than 5,000 gallons manufactured during a license year
3. Fruit Distillery License: Authorizes manufacture of any alcoholic beverages made from fruit or fruit juices. (Note: this license does not authorize the Board to establish an ABC store on the fruit distiller’s premises.)
4. Limited Distillery License: 36,000 gallons or less, manufactured during a licensed year. (Note: the distillery must be located on a farm in the Commonwealth on land zoned for agricultural use and owned or leased by the licensee, and agricultural products used in the manufacture of its alcoholic beverages are produced on the farm.)

REQUIREMENTS FOR LICENSING

- Applicant should verify with the locality’s zoning office that a distillery may be operated on the desired location.
- Federal basic permit and copy of completed TTB application
- Diagram of distillery space to be licensed and placement of distillery equipment
- List of distilling apparatus
- Deed/Lease/Sub-lease of distilling space
- Certificate of incorporation/organization
- Articles of incorporation/organization
- Operating agreement (If one exists)
- List of issued stock certificates or most recent annual corporate stock report (if applicable)
- Official DMV driving records
- Company’s Federal ID number (FEIN)
- Photo copy of ID

All producers of food products which include alcoholic beverages in the Commonwealth are required to be inspected by the Virginia Department of Agriculture and Consumer Services (VDACS) prior to production of such products. Information regarding food safety and inspections can be found at: http://www.vdacs.virginia.gov/dairy-food-and-beverage-manufacturing.shtml
APPLICATION FOR ABC LICENSE

The application for ABC licenses with instructions [Virginia ABC License (805-52)] can be found and downloaded from our website at https://www.abc.virginia.gov/licenses/get-a-license/retail-licenses

An ABC license cannot be issued until:

- All required documents have been received. Please note: Failure to provide required documents is the primary cause of delay in the licensing process.
- A special agent has completed his/her investigation which is to include a site visit.
- All fees have been paid.
- Posting and publishing has occurred. The owners must publish notice (in English) at least two times in a newspaper having a general circulation in the county, city or town where the owner proposes to conduct business. The two publishings must occur in consecutive weeks; the second publishing in at least seven days after the first, but no later than Saturday of the second week.
- Any local government or citizen objections have been resolved. The Code of Virginia compels Virginia ABC to afford citizens of the Commonwealth 30 days, from the date of the first newspaper publication, in which to lodge a valid objection to the issuance of an ABC license.
- The establishment is ready to begin operations.

FEDERAL PERMITS

Information and documents regarding federal requirements for obtaining permits and the production of distilled spirits can be found on TTB’ Distilled Spirits homepage: https://ttb.gov/spirits

Distillery Store

If your plans include opening a store on the premises of your Distillery in order to directly sell your product(s) to the general public, you must first have at least one of your products listed and sold through Virginia ABC retail stores. More information about the Virginia ABC listings process can be found in our “Supplier Manual” at: https://www.abc.virginia.gov/library/licenses/pdfs/suppliermanual.pdf

Distillers with a product listed with Virginia ABC’s Management of Inventory and Product Sales System (MIPS) who wish to sell their product directly to paying customers on the premises of the Distillery must first be authorized as an ABC “Distillery Store” and enter into a contract with Virginia ABC.

The completed application and agreement will be reviewed by Virginia ABC and an approval or denial decision will be issued.

Compliance
Record Keeping

Distillers must keep complete, accurate and separate records of all business activities for a period of two years on the licensed premises. Such records shall be available for inspection by a Virginia ABC special agent during reasonable hours.

At a minimum such records shall include:

- Amount of alcoholic beverages manufactured during a calendar month
- The amount of alcoholic beverages on hand each month
- The type and quantity of raw materials used in the production of spirits
- Withdrawals for shipment to Virginia ABC
- Withdrawals for shipment outside of the Commonwealth to include:
  - Name and address of consignee
  - Date of Shipment
  - Alcoholic content, brand name, type, size of containers and quantity

Distillers who operate distillery stores shall comply with the record keeping and reporting requirements as required by the “Distillery Store Agreement.” Records regarding the operation of a distillery store are subject to inspection and auditing by authorized employees of Virginia ABC.

Records may be stored as microfilm, microfiche, disks, thumb drives or any other available storage technology, provided they are available for inspection by special agents between the hours of 9 a.m. and 5 p.m. or within 24 hours of a request.

Helpful Hint: Distillers are not required to keep separate records for TTB and ABC. Distillers who accurately complete TTB reports and maintain supporting documentation will have met the recordkeeping requirements for ABC.

Inspections

The Virginia ABC Bureau of Law Enforcement routinely makes inspections of licensed establishments to verify that such places are operating in accordance with the ABC Act and Board Regulations. These inspections afford licensees and their employees an opportunity to become acquainted with their compliance senior special agent as well as provide licensees with the opportunity to ask questions and be updated on any relevant information pertaining to their operations. During an inspection a senior special agent may examine and verify:

- That the ABC license and federal permits are current and posted
- There has been no change in ownership
- Required records are being maintained
- There have been no unauthorized changes to the licensed premises

Distillery stores are subject to inspection and audits by special agents and other authorized employees of Virginia ABC. These inspections/audits are to insure that the distillery store is being operated in accordance with the signed “Distillery Store Agreement” and that all monies due the agency have been paid. Distillery stores may also be audited by the auditor of public accounts as they operate under an agency agreement with Virginia ABC.

AUTHORITY

The Department, pursuant to authority granted by § 4.1-119 of the 1950 Code of Virginia, as amended, may appoint the holder of a Distiller’s License or its officers and employees as independently operated agents of the Board for the sale of spirits manufactured by such licensee at government stores established by the Board on the Distiller’s licensed premises. The Department and the Distiller agree that the Distiller shall be authorized to sell such brands manufactured by or for the Distiller on the Distiller’s licensed premises only. In consideration of the terms contained in this agreement, the parties agree to enter into this contract.

OBLIGATIONS OF THE PARTIES

The Distiller is authorized to sell such brands manufactured by or for the Distiller and maintained on the premises of the distillery on behalf of the Department in accordance with, and in consideration of, the stipulations and terms hereinafter provided:

1. The Distiller shall comply with all applicable provisions of the Code of Virginia, ABC regulations, and any other applicable rules.

2. The employees selling the distilled spirits shall be at least 21 years of age or older. Distilled spirits shall only be sold to persons 21 years of age and older with proper identification who are not intoxicated or interdicted from purchasing alcoholic beverages by order of a Circuit Court.

The Department will review the need of the surety bond on an annual basis and may waive the requirement of both the surety and the bond, in cases where the Distiller has previously demonstrated financial responsibility.

8. The Distiller will collect the sales tax on each bottle of distilled spirits sold and remit directly to the Department. The Department will in turn be responsible for remitting the sales tax collected by the Distiller to the Virginia Department of Taxation.
DURATION

This agreement shall remain in effect for a period of one year upon commencement and shall automatically renew on an annual basis thereafter, on the same terms and conditions herein, unless terminated pursuant to this agreement.

The Distiller will be required to provide an attestation of compliance with PCI-DSS within 10 business days of request.

A. Consignment of Liquor

1. The Distiller will store liquor inventory in a bonded area and will sell the inventory only after it has been moved to the sales floor.

2. When inventory is moved from the bonded area to the sales floor area, it must be reported to the Department. On the first business day of each month, the Distiller will report to the Department the actual inventory moved to the sales floor since the last report. Payment for withdrawn inventory will be made 30 days after receipt of the report. The Department shall determine the required reporting format.

3. The Department shall have the right to limit the number of bottles or cases moved from the bonded area to the sales floor based on actual sales history data.

4. As a customer service measure, the Distiller may accept damaged merchandise returned by the customer even if the damage is due to customer negligence, i.e. dropping bottle, etc. The customer must supply the sales receipt and the bottle seal must be intact. The Distiller must report damaged inventory on the sales report forms provided by the Department and denote whether a subsequent bottle was given to the customer or whether cash was returned. All merchandise returns must be made at the Distillery Store where purchased and not at an ABC retail outlet.

5. Distillery stores may sell distilled spirits to an ABC retail licensee authorized to purchase such spirits, provided the distiller adheres to all Virginia ABC policies and procedures.

B. Operations

1. Hours of operation: Distilled spirits may only be sold during hours and on days permitted for ABC retail operations.

2. The Distillery Store is to be closed on the following Holidays: Thanksgiving Day and Christmas Day.
ENFORCEMENT

The ABC Bureau of Law Enforcement is charged with enforcing the alcoholic beverage control laws and ABC regulations in the Commonwealth.

A. Compliance

1. The Distiller is subject to investigations through the Underage Buyer Program in which underage persons are sent into a licensed establishment to attempt a purchase of alcohol.
2. The Distillery License must be posted in a conspicuous place within the Distillery store.

B. Training

2. Managers’ Alcohol Responsibility Training (MART) is designed to help managers become more responsible and to better understand Virginia laws and regulations.

C. Tools to Prevent Underage Sales

"Do Not Sell" stickers are easy to read tools that aid sellers when checking customer identification. The Distillery store shall obtain such stickers from the Department's Communications Division and affix them to counters located at the point of sale.

D. Licensing

The Distiller shall at all times be properly licensed by Virginia ABC, as well as comply with the requirements stipulated in the Distiller's license privileges and the terms contained in this agreement. At any time during which a Distiller’s license is suspended or revoked, the Distillery store shall not be allowed to operate.

FINANCIAL MANAGEMENT

The Financial Management Services Division of the Department will reconcile sales reports.

A. Deposits

1. The Department will set up an account at a bank of the Distiller's choosing, pending approval by the Virginia Department of the Treasury, for the purpose of depositing sales proceeds.
2. Deposits shall be required daily, weekly, or monthly as determined by the Department. The Distiller agrees to make remittances of all monies received from the sale of distilled spirits, including sales taxes, into the above bank account in the manner and form determined and designated by the Department.
3. All sales reports should be uploaded to the Department each time a deposit is made.

B. Sales Reports

The sales report shall be required daily, weekly, or monthly as determined by the Department, and shall correspond directly to the bank deposit. The sales report shall include a minimum of the following: product codes, retail price per code, the deposit date, the total deposit, list retail returns, list sales tax collected and itemized tender.
C. Commissions

In consideration for the sale of a distilled spirit, the Department agrees to pay to the Distiller, and the Distiller shall be entitled to receive 8 percent of gross sales as compensation for his services performed pursuant to this agreement. In addition, Virginia ABC will also reimburse the standard case handling fee for bottles sold at distiller store locations. For ease of implementation, the Distiller should move bottles to the retail store in set case amounts. For example, if the Distiller is selling ABC product X and it has a bottles per case (BPC) of 8, then the Distiller will move over the bottles in increments of 8 to ensure receipt of the $2 per case reimbursement. If the Distiller moves over bottles in less than case-size amounts, there will be no case handling fee reimbursement or adjustment to the Distiller’s cost. The case handling fee reimbursement will be included with the bailment (moved to stage) payment each month.

FACILITIES MANAGEMENT

The Distiller agrees to keep the Distillery store premises clean, well lit and in good repair to the satisfaction of the Department and to maintain the premises in compliance with all applicable, federal, state or local requirements.

AUDITS

The Department’s internal auditor or other authorized Department employees and the state auditor may at any time conduct an audit or inspection of any books or records of the Distiller or Distillery store concerning operations or checks of inventory and money on hand. The Department shall have full and unrestricted access to all records related to the sale of distilled spirits. The Distiller will cooperate in any such audit or inspection, and the Department will use reasonable care to avoid interference with the Distiller’s service to the public while carrying out such audit or inspection.

TERMS AND CONDITIONS

1. It is mutually agreed and understood that the foregoing agreement of the Distiller or any interest therein, cannot be directly or indirectly assigned, transferred, sold, or in any way alienated by the Distiller unless expressly consented to by the Department in writing. TASTINGS

Distillery licensees who are authorized to operate an agency ABC store on the distillery premises may conduct tasting events during which samples of spirits may be provided to patrons. Additionally, distillery licensees may also offer samples of wine, beer or cider to patrons during tasting events, provided the wine, beer or cider products are manufactured within the same licensed premises or on contiguous premises of the distillery licensee that is also licensed as a winery or brewery.

Samples are limited to ½ ounce for spirits, four ounces of beer and two ounces of wine for each product sampled and no more than four product samples can be provided per individual per day. No single sample shall exceed four ounces of beer, two ounces of wine or one half ounce of spirits unless served as a mixed beverage in which case a single spirits sample may contain up to one and one half ounces of spirits. No more than three ounces of spirits shall be served any one person per day.

While distillery licensees may not charge for individual drinks they are permitted to charge patrons a fee for participating in tasting events.

Individuals, who are under the age of 21 or intoxicated, are not permitted to purchase, consume or possess alcoholic beverages. Distillery licensees and their employees are responsible for insuring that all individuals sampling or purchasing alcoholic beverages are 21 years or older and are not intoxicated.

Only those distilled spirits products approved for sale in the VABC distillery store, wine, beer and cider manufactured on the same licensed premises or contiguous premises of the licensee may be offered for sampling. Nonalcoholic beverages such as mixers, juice or water may be offered as part of the tasting (i.e., a mixed beverage). If a mixed beverage is to be used as the sample, the final mix should be prepared in advance or follow a proven recipe as no distillery employee may taste samples for confirmation of flavor while on duty. No sample may contain more than ½ ounce of alcohol per drink.

The tasting room will employ a system of ensuring that customers are only permitted to participate in one tasting event per calendar day. This could be accomplished with tickets that are purchased in advance, a cash register receipt or any other means that enable the distillery store to track patrons that receive tastings each day whether purchased or given. Any person seeking an additional tasting will be told they are unable to do so.

Distillery store employees must ensure that the consumer finishes the sample and/or discards the cup and any remaining sample before leaving the sampling area. Consumers are not to carry samples around the distillery store nor remove them from the store premises.
Marketing to Restaurants

In order to market your products to mixed beverage licensees you, your employees or your representatives are required to obtain a Mixed Beverage Solicitors Salesman Permit. The form with instructions can be found and downloaded at [https://www.abc.virginia.gov/library/licenses/pdfs/solictorsalesman.pdf](https://www.abc.virginia.gov/library/licenses/pdfs/solictorsalesman.pdf)

- The products to be sampled are sold by the establishment
- The products being sampled must be served to the consumer by employees of the restaurant
- No more than one and one half ounces of spirits products may be provided to any one consumer and each sample may not contain more than one-half ounce of spirits

Distillers may engage the services of a third party representative to conduct tasting provided that the representative has obtained a “Solicitor Tasting Permit.” The form for this permit can be found and downloaded at [https://www.abc.virginia.gov/library/licenses/pdfs/solicitortasting.pdf](https://www.abc.virginia.gov/library/licenses/pdfs/solicitortasting.pdf)

- Total ending inventory for each product sold regardless of the location where it is sold must not exceed the established staging limit of 125% of sales for a given month. When month ending inventories exceed this maximum level, no further staging can occur until inventory levels are reduced to a satisfactory level.
- Spirits purchased at any special event associated with the remote store privilege shall be for off-premise consumption only.
- Sales to mixed beverage licensees at remote sales locations are permitted provided all procedures in the previous section regarding sales to mixed beverage licensees are followed.
- A Distillery that is hosting an event where a third party has obtained a Mixed Beverage Special event license for the purpose of featuring and educating the consuming public about spirits products and who has ceased operation of their Virginia ABC store for a licensed event taking place within the area of the Virginia ABC store could not also qualify for the privilege of a remote location to sell spirits at retail in the same store area. However, that Distillery may obtain a remote license to sell at retail at other events provided their Virginia ABC store operation had ceased. This would include the ability to operate a remote location on the same addressed property of the event taking place in the Virginia ABC store area, but could not be inside the physical store area as the sales operations in the designated store area must cease and may not resume until one hour after the event. \(\text{Note: this provision only applies to events taking place within the established Virginia ABC store area.}\)
